

Blue Cross and Blue Shield of Texas (BCBSTX) and Sanitas Medical Centers:

Simplifying Access to Smarter Health Care

Value-based care models reward providers for quality of care and patients' health outcomes. This relationship between providers and patients improves quality, drives efficiency, and gives members a more holistic experience.

Our unique value-based care collaboration gives BCBS members access to 10 Sanitas Medical Centers in Dallas and Harris counties. This will simplify access to smarter health care by offering a variety of services and caregivers in one location.
